Dear Little Friend,

I want to tell you about a very special place called Noah's Ark Kindergarten. It is a happy place where young children go to learn, play, and make new friends.

When you arrive at nursery school in the morning, you will see bright classrooms full of colourful toys, picture books, puzzles, and art supplies. There are friendly teachers who welcome you with big smiles and help you learn new things every day.

At nursery school, children sing songs, dance, listen to fun stories, draw pictures, and play games together. Sometimes they build tall towers with blocks or pretend to cook in a little play kitchen. There is also time to play outside on swings, slides, and in the sandbox or to ride bikes.

You will meet many other children your age. Soon you will make new friends to play with and together you can share toys, laugh, and learn how to be kind and helpful to each other.

Noah's Ark is a wonderful place where learning feels like an adventure and every day brings something fun to discover.

We are looking forward to meeting you and watching you explore this wonderful new place called Noah's Ark Kindergarten.

With warm wishes and God Bless,

Teacher Kirsten,
Noah's Ark Kindergarten
